

Astrological research : Marriage-Divorce

Cemal Cicek
February 2018

This work is not for the religious sect members regardless of the tropical or sidereal, that think that the last truth already know and believe there is no more to be discovered. They should further believe, they can find out everything if they only look horoscopes. But **They will not be able to check whether the astrological claims are correct and nothing discover** without higher harmonics even though a thousand years are passed.

They will still debate a thousand years later which house systems could be. Let them go on sleep and speculate.

This work is for those who open minded, who think that everything must be accurate in seconds, examine and seek the truth without any selfish goals.

Marriage : ♀/♌

Love marriage : ☉/♀ = ♀/♌

Divorce (Separation) : ♀/♊

Separation by death : ♂/♎ = ♀/♊

They were used:

a) Sidereal Zodiac (Krishnamurti Ayanamsa), mean Node.

b) Harmonic 4096 for exact birth and event times, harmonic 64 when birth time rounded or event times not known.

c) Keys :

Tertiary I: 1 sidereal day = 1 sidereal month (27.321661 days)

Rate : $0.99726966 / 27.321661 = .036501062655012$

Tertiary II (Minor) : 1 sidereal month = 1 sidereal year

Rate : $27.321661 / 365.25636042 = .074801328493181$

Secondary Progression : 1 sidereal day = 1 sidereal year

Rate : $0.99726966 / 365.25636042 = .002730327978008$

1. inner circle (1) : woman's natal

2. inner circle (2) : woman's progression, -solar, -lunar

3. inner circle (3) : man's natal

4. outer circle (4) : man's progression, -solar, -lunar

McCartney, Paul

18 June 1942 at 02:00 (= 02:00 AM)Liverpool, England, 53n25, 2w55

Source Notes :

Nalini Kanta Das (Tom Hopke) quotes Linda McCartney for the data of Paul (2:00 pm) and her, presented in an article printed in ACVA Journal Summer 1998, Vol 4 No.1. Dean DeLucia quotes Nalini for the data in 1994. David Goldstein confirms the data by email in January 1999.

(Formerly, PC gave 2:30 AM as "recorded," not confirmed. Old-file had 1:25 AM. Daphne Jones wrote "rectified to 2:05 AM from about midnight" in Astro-Review. Townley speculated midnight in "The Composite Chart"). Pamela Young contributes the following: "McCartney (Arrow Books, 2006) by Christopher Sandford: ... Mary [Paul's mother] was given the luxury of a private bed when her first son was born at Walton Hospital, shortly after two in the morning on 18 June 1942. He was baptised Catholic, and named James Paul McCartney. (page 18)"atr accepted this document as more reliable than the previous entry, time was changed from 2 pm to 2 am, with 2pm kept as alternative chart. British astrologer Greg Martin, son of Beatles producer George Martin, lists 2:00 pm.

The chart is a circular diagram with concentric rings. The outermost ring contains zodiac signs and planetary symbols. The next ring inward contains the names of the planets (e.g., Asc, Mc, 4, 5, 3, 2, 1). The third ring contains the names of the planets (e.g., Asc, Mc, 4, 5, 3, 2, 1). The center contains a table of data.
